A marketing iparág teljes egésze a digitális transzformáció hatását érzi...

A FOGYASZTÓK SZEMÉLYRE SZABOTT ÉLMÉNYEKET VÁRNAK EL

Forbes

The New World Of
The 'Empowered Consumer'

The New York Times

"For consumers, the result is
personalized marketing

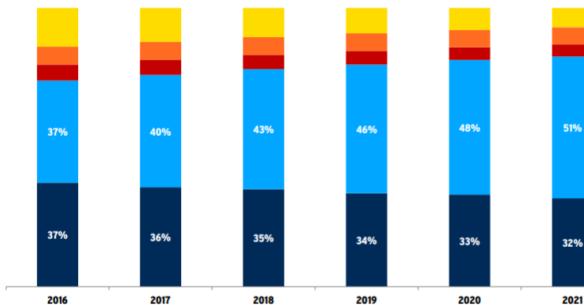

...Consumers now expect Sephora
to know that they buy products for
the skin but not nails or hair."

McKinsey&Company

"(Consumers) will expect (data usage)
targeted precisely to their needs or used to
personalize what they experience."

A DIGITÁLIS KÖLTÉS MEGHALADTA A TV KÖLTÉST

Global Ad Share 2016-2021

- Digital passes television to become the #1 media globally
- Digital to reach 50% of total ad sales by 2021

Azok a márkkák, akik élen járnak, átalakítják a fogyasztói elvárásokat

did not kill Blockbuster.

Ridiculous late fees did.

did not kill other retailers.

Bad customer service and experience did.

did not kill taxi business.

Limited taxi access and fare control did.

did not kill the hotel industry.

Limited availability and pricing options did.

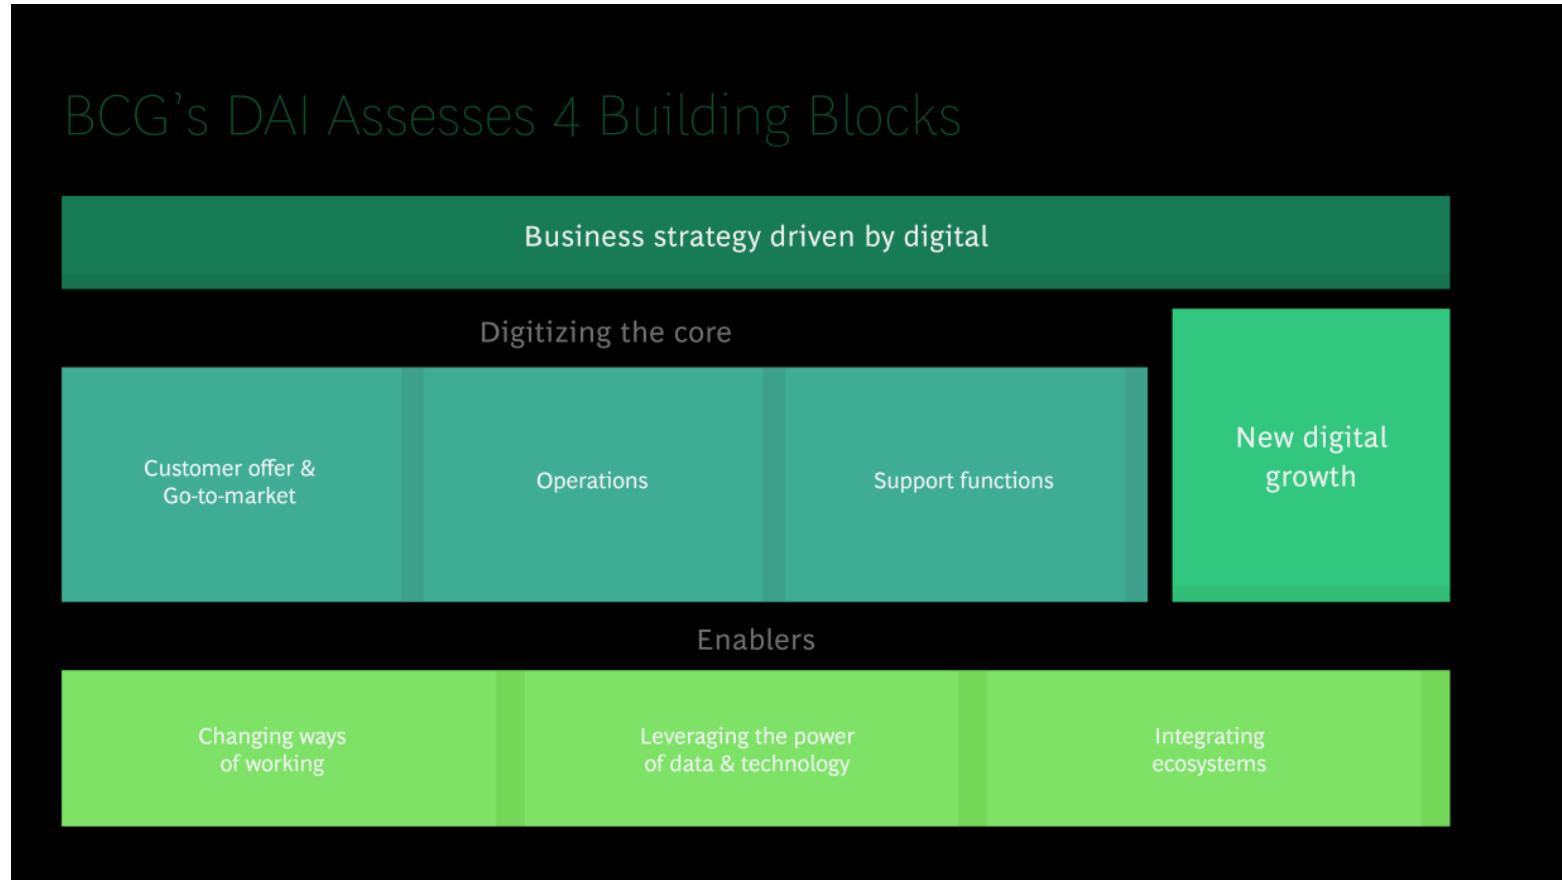

did not kill the music industry.

Being forced to buy full-length albums did.

A technológia önmagában nem a valódi bontó erő.

A nem **fogyasztó-központú** magatartás jelenti a legnagyobb veszélyt bármely iparág számára..

A BCG Digital Acceleration Index-e is azt méri, hol tart egy szervezet a digitális transzformációban
